'Post-classical history' is a periodization used by historians employing a "world history" approach to history, specifically the school developed during the late 20th and early 21st centuries. Outside of world history, the term is also sometimes used to avoid erroneous pre-conceptions around the terms "Middle Ages", "medieval" and "Dark Ages" (see medievalism)â€”though the application of the ...

The ancient Greek philosophers, Aristotle in particular, were among the first to propose that abstract principles govern nature. Aristotle argued, in *On the Heavens*, that terrestrial bodies rise or fall to their "natural place" and stated as a law the correct approximation that an object's speed of fall is proportional to its weight and inversely proportional to the density of the fluid it is ...
