Culture and Social Class Social class is forever Political and economic systems come and go, races are
socially constructed and deconstructed, empires rise and fall, cultural traditions evolve and change; but the
common factor through all of these myriad expressions of human social organization is socio-economic
class.

Social history, often called the new social history, is a field of history that looks at the lived experience of the past. In its "golden age" it was a major growth field in the 1960s and 1970s among scholars, and still is well represented in history departments in Britain, Canada, France, Germany, and the United States.
