

### **a history of western pdf**

Western civilization traces its roots back to Europe and the Mediterranean. It is linked to the Roman Empire and with Medieval Western Christendom which emerged from the Middle Ages to experience such transformative episodes as the Renaissance, the Reformation, the Enlightenment, the Industrial Revolution, scientific revolution, and the development of liberal democracy.

The history of Europe covers the peoples inhabiting Europe from prehistory to the present. During the Neolithic era and the time of the Indo-European migrations Europe saw migrations from east and southeast and the following important cultural and material exchange. The period known as classical antiquity began with the emergence of the city-states of ancient Greece.

America on the Move explores the role of transportation in American history. Visit communities wrestling with the changes that new transportation networks brought. See cities change, suburbs expand, and farms and factories become part of regional, national, and international economies. Meet people as they travel for work and pleasure, and as they move to new homes.
