Placing Women in History. Slowly, as the field has matured, historians of women's history have become dissatisfied with old questions and old methods, and have come up with new ways of approaching historical material. They have, for example, begun to ask about the actual experience of women in the past.

Placing Women in History: Definitions and Challenges

Women were still thought of as the lesser sex. They were the head of the home, but that is all that they were. They made sure that the children learned the rules and values of the household. The women worked in the household, mostly contributing to industry.
