Edward Said became professor of English and comparative literature in 1991, and played a huge part in shaping postcolonial scholarship at Columbia. The university is still home today to a large number of postcolonialist academics. What Does Orientalism Say? Orientalism is a critique (analysis) of modern European colonialism.

A Macat Analysis is your introduction to a key thinker. To one of his or her most profound works. And to the whole "world" of that seminal book or paper. All in text, film, audio, and Mind Maps formats. We believe that the best way to understand and use the Big Ideas is to grasp the background against which they were created.
