

### **active listening the forgotten pdf**

Active listening is a technique that is used in counseling, training, and solving disputes or conflicts .It requires that the listener fully concentrate, understand, respond and then remember what is being said. This is opposed to reflective listening where the listener repeats back to the speaker what they have just heard to confirm understanding of both parties.

### **Active listening - Wikipedia**

Active listening is the key to rewarding conversation and true empathetic engagement and it can increase your positive emotions and make you happier!
