Chemistry is essential in modern society. The electronics at the heart of your mobile phone, the fibre optics which bring you high-speed broadband, most of the fabrics and dyes in the clothes you wear – none of these would exist without a thorough understanding of the chemical properties of substances. You can complete an optional work placement year as part of this degree course at no extra ...

Chemistry, BSc (Hons) | Undergraduate study | Teesside

The degree is very hands-on and you gain practical experience through laboratory classes and fieldwork.. You will enjoy high levels of seagoing experience on our brand new research vessel, with a series of North Sea offshore practicals. These train you in essential skills required by marine biologists and zoologists including:

c350 - Marine Zoology BSc - Undergraduate - Newcastle

This note is designed to familiarize the student with the organs of the human body on both the micro- and macroscopic levels. At the completion of this note the student should understand the basic anatomical organization of the human body including the relative position of various organs, systems and tissues.
