Volume 8, No. 1, Art. 30 " January 2007 . Issues in Learning About and Teaching Qualitative Research Methods and Methodology in the Social Sciences. Franz Breuer & Margrit Schreier. Abstract: For many qualitative researchers in the social sciences, learning about and teaching qualitative research methods and methodology raises a number of questions.

Issues in Learning About and Teaching Qualitative Research

The historical method comprises the techniques and guidelines by which historians use historical sources and other evidence to research and then to write history. There are various history guidelines that are commonly used by historians in their work, under the headings of external criticism, internal criticism, and synthesis.

EXECUTIVE SUMMARY Human reliability assessment (HRA) involves the use of qualitative and quantitative methods to assess the human contribution to risk.

Review of human reliability assessment methods RR679

The main principles of participatory research are that: It involves a flexible, interactive process of exploration that stimulates creativity, flexibility and improvisation in the use of methods to facilitate learning.; Community members direct the process, in the sense that knowledge is produced on the basis of their own experiences. Community members also define the priorities of the research ...
